

CAL TR 12X40 Safety Data Sheet

lssued: 04/20/2015 Supersedes: 12/30/2011 Version: 1.0

		d of the Company/Undertaking	
1.1. Product identifier			
Product name	: CAL TR 12X40		
Product form	: Substance		
CAS No	: 7440-44-0		
Product code	: 11804		
Synonyms	: Activated Carbon		
1.2. Relevant identified uses of the	he substance or mixture and u	ses advised against	
Use of the substance/mixture	: Adsorbent		
1.3. Details of the supplier of the Calgon Carbon Corporation P.O. Box 717	safety data sheet		
Pittsburgh, PA 15230 412-787-6700			
1.4. Emergency telephone number	er		
Emergency number	: CHEMTREC (24 HR	S): 1-800-424-9300	
SECTION 2: Hazards Identifica	tion		
2.1. Classification of the substan			
GHS-US classification Combustible Dust H232			
	roduct does not displace ovvaen	in the ambient atmosphere, but slowly a	deorbe ovvaen from a confined
		product does not pose an asphyxiation h	
2.2. Label elements			
GHS-US labeling			
Signal word (GHS-US)	: Warning		
Hazard statements (GHS-US)	: H232 - May form cor	nbustible dust concentrations in air	
2.3. Other hazards			
Other hazards not contributing to the classification	space is required, pr	n can deplete oxygen from air in enclosed ocedures for work in an oxygen deficient	
2.4. Unknown acute toxicity (GHS	S-US)		
No data available			
SECTION 3: Composition/Infor	mation on Ingredients		
3.1. Substance			
Name		Product identifier	%
Activated Carbon		(CAS No) 7440-44-0	< 100
3.2. Mixture		•	·
Not applicable			
SECTION 4: First Aid Measure	e		
4.1. Description of first aid measures general		ned, get medical attention/advice. Show	this safety data shoot to the
nistalu measures general		. Wash contaminated clothing before re-u	
First-aid measures after inhalation	: IF INHALED: Remov	e to fresh air and keep at rest in a comfo	rtable position for breathing.
First-aid measures after skin contact	: IF ON SKIN (or cloth least 15 minutes.	ing): Remove affected clothing and wash	all exposed skin with water for
First-aid measures after eye contact		ately flush with plenty of water for at least leasy to do so. Continue rinsing.	15 minutes. Remove contact
04/20/2015	CAL TR 12840	For Internal Lise Only:	PR #1 Page 1 of

CAL TR 12X40

Product Code 11804 Safety Data Sheet

First-aid measures after ingestion	 IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting without advice from poison control center or medical professional. Get medical attention if you feel unwell.
4.2. Most important sympt	oms and effects, both acute and delayed
Symptoms/injuries	: Not expected to present a significant hazard under anticipated conditions of normal use. However, dust may cause irritation and redness of the eyes, irritation of the skin and respirator system. The effects of long-term, low-level exposures to this product have not been determined.
4.3. Indication of any imme	ediate medical attention and special treatment needed
No additional information available	e
SECTION 5: Firefighting I	Measures
5.1. Extinguishing media	
Suitable extinguishing media	: Water spray. Carbon dioxide. Dry chemical. Foam. Sand.
Unsuitable extinguishing media	: None known.
5.2. Special hazards arisin	g from the substance or mixture
Fire hazard	: Dust may be combustible under specific conditions. May be ignited by heat, sparks or flames.
Explosion hazard	: Dust may form explosive mixture in air.
Reactivity	 No dangerous reactions known under normal conditions of use. Carbon oxides may be emitted upon combustion of material.
5.3. Advice for firefighters	
Firefighting instructions	: Wear NIOSH-approved self-contained breathing apparatus suitable for the surrounding fire. Use water spray or fog for cooling exposed containers. Evacuate area.
SECTION 6: Accidental R	elease Measures
6.1. Personal precautions,	protective equipment and emergency procedures
General measures	: Evacuate area. Keep upwind. Ventilate area. Spill should be handled by trained clean-up crew properly equipped with respiratory equipment and full chemical protective gear (see Section 8)
6.1.1. For non-emergency pe	ersonnel
No additional information available	e
6.1.2. For emergency respon	nders
No additional information available	e
6.2. Environmental precau	tions

Prevent entry to sewers and public waters. Avoid release to the environment. Product is not soluble, but can cause particulate emission of discharged into waterways. Dike all entrances to sewers and drains to avoid introducing material to waterways. Notify authorities if product enters sewers or public waters.

6.3. Methods and material for containment and cleaning up

For containment	:	Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.
Methods for cleaning up	:	Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust. Dispose of material in compliance with local, state, and federal regulations.

6.4. Reference to other sections

No additional information available

SECTION 7: Handling and Storage 7.1. Precautions for safe handling

7.1. Frecautions for sale handling	
Precautions for safe handling	: Avoid dust formation. Avoid contact with skin, eyes and clothing. Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Keep away from sources of ignition - No smoking.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions

: Keep container tightly closed in a cool, dry, and well-ventilated place. Keep away from ignition sources.

SECTION 8: Exposure Controls/Personal Protection

8.1. Control parameters

Activated Carbon (7440-44-0)*

OSHA PEL (TWA) (mg/m³)	≤ 5 (Respirable Fraction)
	≤ 15 (Total Dust)

*Exposu	ire limits are for inert or nuissance dust.	No specific exposure limits have been established for this activated carbon product by OSHA or ACGIH.
8.2.	Exposure controls	
Approp	riate engineering controls	: Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas. Wet activated carbon can deplete oxygen from air in enclosed spaces. If use in an enclosed space is required, procedures for work in an oxygen deficient environment should be followed.
Person	al protective equipment	: Gloves. Safety glasses. Insufficient ventilation: wear respiratory protection.
Hand p	protection	 Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl. Suitable gloves for this specific application can be recommended by the glove supplier.
Eye pro	otection	: Use eye protection suitable to the environment. Avoid direct contact with eyes.
Skin ar	nd body protection	: Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.
Respira	atory protection	: Use NIOSH-approved dust/particulate respirator. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment.

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Physical state	: Solid
Appearance	: Granular, powder, or pelletized substance
Color	: Black
Odor	: Odorless
Odor threshold	: No data available
рН	: No data available
Relative evaporation rate (butylacetate=1)	: Not applicable
Melting point	: Not applicable
Freezing point	: Not applicable
Boiling point	: Not applicable
Flash point	: No data available
Auto-ignition temperature	: > 220 °C
Decomposition temperature	: No data available
Flammability (solid, gas)	: > 220 °C
Vapor pressure	: Not applicable
Relative vapor density at 20 °C	: Not applicable
Apparent density	: 0.4 - 0.7 g/cc
Solubility	: Insoluble.
Log Pow	: Not applicable
Log Kow	: Not applicable
Viscosity, kinematic	: Not applicable
Viscosity, dynamic	: Not applicable
Explosive properties	: No data available
Oxidising properties	: No data available
Explosive limits	: No data available

9.2. Other information

No additional information available

SECTION 10: Stability and Reactivity

10.1. Reactivity

No dangerous reactions known under normal conditions of use.

10.2. Chemical stability

Stable under use and storage conditions as recommended in section 7.

Product Code 11804 Safety Data Sheet

10.3. Possibility of hazardous reactions

None known.

10.4. Conditions to avoid

Avoid dust formation. Heat. Ignition sources. Exposure to high concentrations of organic compounds may cause bed temperature to rise.

10.5. Incompatible materials

Alkali metals. Strong oxidizing agents.

10.6. Hazardous decomposition products

Carbon monoxide (CO), carbon dioxide (CO₂).

SECT	ON 11: Toxicological Information
11.1.	Information on toxicological effects

Acute toxicity :		Not classified		
Activated Carbon (7440-44-0)				
LD50 oral rat		> 2000 mg/kg		
Skin corrosion/irritation	:	Not classified		
Serious eye damage/irritation	:	Not classified		
Respiratory or skin sensitisation	:	Not classified		
Germ cell mutagenicity	:	Not classified		
Carcinogenicity	:	Not classified		
Silica: Crystalline, quartz (14808-60-7)				
IARC group		1 - Carcinogenic to humans		
The International Agency for Research on Cancer (IARC) has classified "silica dust, crystalline, in the form of quartz or cristobalite" as carcinogenic to humans (group 1). However these warnings refer to crystalline silica dusts and do not apply to solid activated carbon containing crystalline silica as a naturally occuring, bound impurity. As such, we have not classified this product as a carcinogen in accordance with the US OSHA Hazard Communication Standard (29 CFR §1910.1200) but recommend that users avoid inhalation of product in a dust form.				
Reproductive toxicity		Not classified		
Specific target organ toxicity (single exposure)	-	Not classified		
Specific target organ toxicity (repeated exposure)	:	Not classified		
Aspiration hazard	:	Not classified		
Symptoms/injuries	:	Not expected to present a significant hazard under anticipated conditions of normal use. However, dust may cause irritation and redness of the eyes, irritation of the skin and respiratory		

SECTION 12: Ecological Information

12.1. Toxicity

No additional information available

12.2. Persistence and degradability

No additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information available

determined.

system. The effects of long-term, low-level exposures to this product have not been

13.1. Waste treatment methods	
Waste treatment and disposal methods	: Vacuum or shovel material into a closed container. Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment. Subject to Calgon Carbon technical approval, non-powdered activated carbons may be reactivated to allow recycle and reuse.
Additional information	: Activated carbon is an adsorbent media; hazard classification is generally determined by the adsorbate. Consult U.S. EPA guidelines listed in 40 CFR 261.3 for more information on hazardous waste disposal.
SECTION 14: Transport Information	on

Not classified as hazardous for domestic land tra	ns	port
UN-No.(DOT)	:	None on finished product
DOT NA no.	:	None on finished product
Proper Shipping Name (DOT)	:	Not regulated
Department of Transportation (DOT) Hazard Classes	:	None on finished product
Hazard labels (DOT)	:	None on finished product
Packing group (DOT)	:	None on finished product
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	:	None on finished product

14.2. Transport by sea

Not classified as hazardous for water transport	
IMO / IMDG	
UN/NA Identification Number	: None on finished product
UN- Proper Shipping Name	: Not regulated
Transport Hazard Class	: None on finished product

14.3. Air transport

Not classified as hazardous for air transport ICAO / IATA	
UN/NA No	: None on finished product
UN- Proper Shipping Name	: Not regulated
Transport Hazard Class	: None on finished product
Packing Group	: None on finished product
Marine Pollutant	: None on finished product

14.4. Additional information

Other information

: Under the UN classification for activated carbon, all activated carbons have been identified as a class 4.2 product. However, this product type or an equivalent has been tested according to the <u>United Nations Transport of Dangerous Goods</u> test protocol for a "self-heating substance" (United Nations Transportation of Dangerous Goods, Manual of Tests and Criteria, Part III, Section 33.3.1.6 - Test N.4 - Test Method for Self Heating Substances) and it has been specifically determined that this product type or an equivalent does not meet the definition of a self-heating substance (class 4.2) or any other hazard class, and therefore should not be listed as a DOT hazardous material.

SECTION 15: Regulatory Information

15.1. US Federal regulations

CAL TR 12X40

All chemical substances in this product are listed in the EPA (Environment Protection Agency) TSCA (Toxic Substances Control Act) Inventory or are exempt

Cobalt (7440-48-4)

Listed on the United States TSCA (Toxic Substances Control Act) inventory Listed on United States SARA Section 313 SARA Section 313 - Emission Reporting 0.1 %

15.2. International regulations

No additional information available

15.3. US State regulations

California Proposition 65

WARNING: This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer, birth defects, or other reproductive harm.
