

CARBSORB 40

Safety Data Sheet

lssued: 04/20/2015 Supersedes: 12/30/2011 Version: 1.0

SECTION 1: Identification of the S	ubstance/Mixture and	I of the Company/Undertaking	
1.1. Product identifier			
Product name	: CARBSORB 40		
Product form	: Substance		
CAS No	: 7440-44-0		
Product code Synonyms	: 11230 : Activated Carbon		
, ,			
1.2. Relevant identified uses of the su Use of the substance/mixture	: Adsorbent	ies auviseu against	
1.3. Details of the supplier of the safe Calgon Carbon Corporation P.O. Box 717 Pittsburgh, PA 15230 412-787-6700	ty data sheet		
1.4. Emergency telephone number			
Emergency number	: CHEMTREC (24 HRS	S): 1-800-424-9300	
SECTION 2: Hazards Identification			
2.1. Classification of the substance of	r mixture		
GHS-US classification			
Combustible Dust H232			
Not classified as a simple asphyxiant. Product space when wet. Under conditions of anticipate 2.2. Label elements			
GHS-US labeling			
Signal word (GHS-US)	: Warning		
Hazard statements (GHS-US)	•	bustible dust concentrations in air	
2.3. Other hazards	. 11202 May 10111 0011		
Other hazards not contributing to the classification		can deplete oxygen from air in enclosed ocedures for work in an oxygen deficient	
2.4. Unknown acute toxicity (GHS-US))		
No data available			
SECTION 3: Composition/Informat	ion on Ingredients		
3.1. Substance			
Name		Product identifier	%
Activated Carbon		(CAS No) 7440-44-0	< 100
3.2. Mixture			
Not applicable			
SECTION 4: First Aid Measures			
4.1. Description of first aid measures			
First-aid measures general		ed, get medical attention/advice. Show t Wash contaminated clothing before re-u	
First-aid measures after inhalation		e to fresh air and keep at rest in a comfo	
First-aid measures after skin contact : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes.			
First-aid measures after eye contact : IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing.			

CARBSORB 40

Product Code 11230 Safety Data Sheet

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth thoroughly. Do not induce vomiting without advice from poison control center or medical professional. Get medical attention if you feel unwell. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries Not expected to present a significant hazard under anticipated conditions of normal use. However, dust may cause irritation and redness of the eyes, irritation of the skin and respiratory system. The effects of long-term, low-level exposures to this product have not been determined. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available **SECTION 5: Firefighting Measures** 5.1. Extinguishing media Suitable extinguishing media : Water spray. Carbon dioxide. Dry chemical. Foam. Sand. Unsuitable extinguishing media : None known. 5.2. Special hazards arising from the substance or mixture : Dust may be combustible under specific conditions. May be ignited by heat, sparks or flames. Fire hazard Explosion hazard : Dust may form explosive mixture in air. Reactivity : No dangerous reactions known under normal conditions of use. Carbon oxides may be emitted upon combustion of material. 5.3. Advice for firefighters **Firefighting instructions** Wear NIOSH-approved self-contained breathing apparatus suitable for the surrounding fire. Use water spray or fog for cooling exposed containers. Evacuate area. **SECTION 6: Accidental Release Measures** Personal precautions, protective equipment and emergency procedures 6.1. General measures : Evacuate area. Keep upwind. Ventilate area. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

6.1.1. For non-emergency personnel

No additional information available

6.1.2. For emergency responders

No additional information available

6.2. Environmental precautions

Prevent entry to sewers and public waters. Avoid release to the environment. Product is not soluble, but can cause particulate emission of discharged into waterways. Dike all entrances to sewers and drains to avoid introducing material to waterways. Notify authorities if product enters sewers or public waters.

6.3. Methods and material for containment and cleaning up

For containment	:	Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.
Methods for cleaning up	:	Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust. Dispose of material in compliance with local, state, and federal regulations.

6.4. Reference to other sections

No additional information available

SECTION 7: Handling and Storage

7.1. Precautions for safe handling	
Precautions for safe handling	: Avoid dust formation. Avoid contact with skin, eyes and clothing. Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Keep away from sources of ignition - No smoking.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions

: Keep container tightly closed in a cool, dry, and well-ventilated place. Keep away from ignition sources.

SECTION 8: Exposure Controls/Personal Protection

8.1. Control parameters

Activated Carbon (7440-44-0)*

· · ·	
OSHA PEL (TWA) (mg/m³)	≤ 5 (Respirable Fraction) ≤ 15 (Total Dust)

*Expos	ure limits are for inert or nuissance due	t. No specific exposure limits have been established for this activated carbon product by OSHA or ACGIH.
8.2.	Exposure controls	
Approp	priate engineering controls	: Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas. Wet activated carbon can deplete oxygen from air in enclosed spaces. If use in an enclosed space is required, procedures for work in an oxygen deficient environment should be followed.
Persor	nal protective equipment	: Gloves. Safety glasses. Insufficient ventilation: wear respiratory protection.
Hand _I	protection	 Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl. Suitable gloves for this specific application can be recommended by the glove supplier.
Eye pr	otection	: Use eye protection suitable to the environment. Avoid direct contact with eyes.
Skin a	nd body protection	: Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.
Respir	atory protection	 Use NIOSH-approved dust/particulate respirator. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment.

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

••••• ••••••••• •••••••• ••••••••	
Physical state	: Solid
Appearance	: Granular, powder, or pelletized substance
Color	: Black
Odor	: Odorless
Odor threshold	: No data available
рН	: No data available
Relative evaporation rate (butylacetate=1)	: Not applicable
Melting point	: Not applicable
Freezing point	: Not applicable
Boiling point	: Not applicable
Flash point	: No data available
Auto-ignition temperature	: >220 °C
Decomposition temperature	: No data available
Flammability (solid, gas)	: >220 °C
Vapor pressure	: Not applicable
Relative vapor density at 20 °C	: Not applicable
Apparent density	: 0.4 - 0.7 g/cc
Solubility	: Insoluble.
Log Pow	: Not applicable
Log Kow	: Not applicable
Viscosity, kinematic	: Not applicable
Viscosity, dynamic	: Not applicable
Explosive properties	: No data available
Oxidising properties	: No data available
Explosive limits	: No data available

9.2. Other information

No additional information available

SECTION 10: Stability and Reactivity

10.1. Reactivity

No dangerous reactions known under normal conditions of use.

10.2. Chemical stability

Stable under use and storage conditions as recommended in section 7.

Product Code 11230 Safety Data Sheet

10.3. Possibility of hazardous reactions

None known.

Acute toxicity

10.4. Conditions to avoid

Avoid dust formation. Heat. Ignition sources. Exposure to high concentrations of organic compounds may cause bed temperature to rise.

Not classified

10.5. Incompatible materials

Alkali metals. Strong oxidizing agents.

10.6. Hazardous decomposition products

Carbon monoxide (CO), carbon dioxide (CO₂).

SECTI	ON 11: Toxicological Information
11.1.	Information on toxicological effects

Acute toxicity	: Not classified
Activated Carbon (7440-44-0)	
LD50 oral rat	> 2000 mg/kg
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Not classified
Respiratory or skin sensitisation	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Silica: Crystalline, quartz (14808-60-7)	
IARC group	1 - Carcinogenic to humans
carcinogenic to humans (group 1). However the crystalline silica as a naturally occuring, bound	Icer (IARC) has classified "silica dust, crystalline, in the form of quartz or cristobalite" as ese warnings refer to crystalline silica dusts and do not apply to solid activated carbon containing impurity. As such, we have not classified this product as a carcinogen in accordance with the US FR §1910.1200) but recommend that users avoid inhalation of product in a dust form.
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: Not classified
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries	: Not expected to present a significant hazard under anticipated conditions of normal use. However, dust may cause irritation and redness of the eyes, irritation of the skin and respiratory

system. The effects of long-term, low-level exposures to this product have not been

SECTION 12:	Ecological	Information
SECTION 12.	Ecological	mormation

12.1. Toxicity

No additional information available

12.2. Persistence and degradability

No additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information available

determined.

SECTION 13: Disposal Considerations		
13.1. Waste treatment methods		
Waste treatment and disposal methods	: Vacuum or shovel material into a closed container. Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment. Subject to Calgon Carbon technical approval, non-powdered activated carbons may be reactivated to allow recycle and reuse.	
Additional information	: Activated carbon is an adsorbent media; hazard classification is generally determined by the adsorbate. Consult U.S. EPA guidelines listed in 40 CFR 261.3 for more information on hazardous waste disposal.	
SECTION 14: Transport Informat	ion	
14.1. In accordance with DOT		
Not classified as hazardous for domestic lar	nd transport	
UN-No.(DOT)	: None on finished product	
DOT NA no. : None on finished product		
Proper Shipping Name (DOT)	Not regulated	

Proper Shipping Name (DOT)	:	Not regulated
Department of Transportation (DOT) Hazard Classes	:	None on finished product
Hazard labels (DOT)	:	None on finished product
Packing group (DOT)	:	None on finished product
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	:	None on finished product

14.2. Transport by sea

Not classified as hazardous for water transport	
IMO / IMDG	
UN/NA Identification Number	: None on finished product
UN- Proper Shipping Name	: Not regulated
Transport Hazard Class	: None on finished product

14.3. Air transport

Not classified as hazardous for air transport ICAO / IATA	
UN/NA No	: None on finished product
UN- Proper Shipping Name	: Not regulated
Transport Hazard Class	: None on finished product
Packing Group	: None on finished product
Marine Pollutant	: None on finished product

14.4. Additional information

Other information

: Under the UN classification for activated carbon, all activated carbons have been identified as a class 4.2 product. However, this product type or an equivalent has been tested according to the <u>United Nations Transport of Dangerous Goods</u> test protocol for a "self-heating substance" (United Nations Transportation of Dangerous Goods, Manual of Tests and Criteria, Part III, Section 33.3.1.6 - Test N.4 - Test Method for Self Heating Substances) and it has been specifically determined that this product type or an equivalent does not meet the definition of a self-heating substance (class 4.2) or any other hazard class, and therefore should not be listed as a DOT hazardous material.

SECTION 15: Regulatory Information

15.1. US Federal regulations

CARBSORB 40

All chemical substances in this product are listed in the EPA (Environment Protection Agency) TSCA (Toxic Substances Control Act) Inventory or are exempt

Cobalt (7440-48-4)

Listed on the United States TSCA (Toxic Substances Control Act) inventory Listed on United States SARA Section 313 SARA Section 313 - Emission Reporting 0.1 %

15.2. International regulations

No additional information available

15.3. US State regulations

California Proposition 65

WARNING: This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer, birth defects, or other reproductive harm.
